Murrysville webcam named one of 25 most interesting for 2007

The Murrysville-based Pix-Controller Wildlife Webcam was named one of Earthcam's 25 most interesting webcams for 2007.

The Web site, which is operated by Bill and Donna Powers, uses a motion-sensor camera to show wildlife footage online.

The webcam can be viewed at www.pixcontroller.com.

The Murrysville Star wrote about how Bill Powers trans-

formed a hobby of remote wildlife photography into a business. For an archived story on PixController, see Yourmurrysville.com.

School's in .. almost

Today is the last day of winter recess for students in the Franklin Regional School District.

Classes resume tomorrow (Thursday) for students at schools throughout the dis-

trict.

Classes at Mother of Sorrows School also resume tomorrow.

The Two Towers

The Pittsburgh C.S. Lewis Society will meet Jan. 9 at 7:30 p.m. on Woodland Drive in Murrysville.

The group will continue to discuss J.R.R. Tolkien's "The Lord of the Rings: The Two Towers."

Member Lynn Word says people who have not read the book shouldn't be discouraged in participating, because Lewis' books, lectures and life lend themselves to current event discussions and the issues of modern lives.

The society will meet at 3450 Woodland Drive in Murrysville.

For more information on the group, call 724-327-8411 or 724-327-2718.
