

**Thank you for your purchase.**

Please view our online manuals to help complete your **PixController** project. The online manuals listed below can be found under the Manuals and "How To" link on our website, <http://www.pixcontroller.com>.

Please download your **free copy** of Visual Media Explorer at <http://www.visualmediasoftware.com>.

Once downloaded and installed, type in serial number: [KkQqMOAB03](#)

## **PixController Manuals and Helpful Documents**

### **PixController Universal Board**

All documents for the Universal board can be found on our web site under:

<http://www.pixcontroller.com/Manuals.htm>

[http://www.pixcontroller.com/Products/PixU\\_overview.htm](http://www.pixcontroller.com/Products/PixU_overview.htm)

All aspects of the board are covered as well as documents for DIP switch setting for the type of PIC chip you have.

**LANC and RS-232 Universal board users** must follow the direction under the "2.5mm Port" to configure the 2.5mm Port solder jumpers.

### **PixController Video Light**

All documents for the PixController Video Light can be found on our web site under:

[http://www.pixcontroller.com/Products/VideoLight\\_overview.htm](http://www.pixcontroller.com/Products/VideoLight_overview.htm)

### **Digital Camera Modifications**

We had number of digital camera modification "How-To" PDF files including the popular cameras such as the Olympus D370, D-380, D-390, D-395, and the Sony DSC-P32, DSC-P41. Please see our "Manuals" section for more information: <http://www.pixcontroller.com/Manuals.htm>

### **PixController Trail Camera Kits**

We now offer our new Trail camera kits, which include the LANC Video Camera Kit, Digital Camera Kit, and Sony Digital Camera Kit. For more information please visit this page on our web site:

<http://www.pixcontroller.com/Products/Products.htm>

Note: if your purchased the Sony Digital Camera Kit please read the document on how to make your Flat Flex cable to modify your Sony digital camera. The PDF file can be found here:

<http://www.pixcontroller.com/Products/FlatFlexCable.pdf>

## PixController Warranty & Repair Form

**PixController** warrants this product to be free of defects in materials and workmanship for a period of 6 months after date of purchase. **PixController** will repair or, at its option, replace this product without charge with respect to parts and labor, provided that our examination indicates a defect exists. In the event that this product model is no longer available at the time warranty service is required and **PixController** has elected replacement, a substitution of equal or greater value and similar performance will be made. This warranty does not include damage caused by abuse, improper handling, installation, maintenance, unauthorized repairs or modifications\*.

**Items not covered by this warranty include, but are not limited to:**

1. Any soldering to the board or removed/replaced components\*.
2. Any holes drilled in the circuit board, or holes expanded.
3. Any glue, GOOP, silicon, or any mounting material.
4. Flood or moisture damage.
5. Physical damage such as broken or cracked components, or removed circuit board traces.
6. Non-Physical damage such as improper battery and/or camera installation, or external light installation.

**PixController** shall not be liable for incidental or consequential damages, including but not limited to lost profits or other economic commercial losses.

*\* Users of the PixController Universal board are permitted to solder the J14 camera connector and the 2.5mm solder jumpers (J1 through J9) without voiding this warranty. No other modifications are permitted.*

~~~~~  
**Please contact PixController at: service@pixcontroller.com prior to returning any items.**

Your problem may have a simple fix that does not require a return. If you are instructed to return a product, this completed Repair Form must be included to ensure that your items are returned properly. Please return your item(s) (warranty or non-warranty) along with a check or money order made out to: "PixController, Inc." in the amount of **\$5.00** to cover shipping and handling. Items will no longer be shipped back until return postage is paid. All items must be returned in the shipping box they were received in or a similar shipping box. **Envelopes or padded mailers will not be accepted.** Thank you.

**All repairs should be returned with repair form and \$5.00 (s&h) to:** **PixController, Inc.**  
2610 Haymaker Farm Road  
Export, PA 15632

**Return Address:**

Name: \_\_\_\_\_ E-mail Address: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_ Country: \_\_\_\_\_

Item(s) being returned (include board model): \_\_\_\_\_

**Describe PixController board problem in detail:** *(continue on back if necessary)*

*For non-warranty repairs, you will be advised of additional service charges prior to any work being done.*
